

MESSAGE FROM PRINCIPAL
(For first year MBBS students, 2020-21)

I am delighted to welcome you to Patuakhali Medical College. At Patuakhali Medical College, we try our best to ensure quality Medical Education and training and we wish you to develop as a complete Doctor- full of sympathy and empathy for patients and humanity.

We have a dedicated and qualified teaching faculty who at every step are ready to counsel the students. We try to prepare our students to face the challenges of the competitive world because we know soon after passing MBBS they will travel to country and abroad for further study and to serve the people. We ensure friendly, supportive and safe environment through all possible measures that make the Campus a zero-tolerance-campus for ragging.

You must obey the rules of the Institute and instructions of authority and must attend classes regularly. Otherwise, you will not be eligible to appear in University Examinations. I hope you spend the most enjoyable and memorable years of your life in PKMC making bonds that will last a lifetime.

Students here are encouraged to participate in co-curricular activities. You will be happy to know that recently our PKMC Debate Team reached the semi-finals of the Inter Medical College Online Debate Competition 2020.

We aim to promote a safe and caring environment for the students so that they can develop desire to learn. Although not sufficient in number, we have some excellent members of faculty, an energetic administration team who are experts at dealing with these young students and preparing them for a bright and promising future in the world of medicine.

In the era of Covid 19 pandemic this is an excellent time to prepare for a career in medicine. Hopefully you will have a bright future in the medical profession and we will accompany you to explore your future. We have some limitations. Our Academic Building and Hostels are not yet handed over. We are using Teachers Quarters and Dormitory as temporary Hostels. We have shortage of teachers. So, our existing faculty members have to work hard to overcome this. In spite of all these limitations our students have best performance among students of nearby Medical Colleges. The result of third Professional MBBS is just out and 5 of our students got Honors marks in Pathology.

I wish all the students a grand success in their career and prosperity in their future life. May Almighty bless you all.

Md. Faizul Bashar 05.05.2021

Professor (Dr.) Md. Faizul Bashar
